

215 CONTROL SET

Clean, functional control for the modern bathroom.

The 175mm cover plate can be specified in chrome or white finishes to match your bathroom decor.

This larger version of the 205 can be retrofitted over the wall hole from a standard Topliss mixer, giving variable flow control with modern styling.

Simple to operate with clearly marked dial, excellent control, and a durable finish for easy maintenance and long lasting good looks.

Product Features

- Elegant simplistic styling
- Large cover plate for retrofit application
 - Variable flow control
 - Long-lasting ceramic valve
- Non-protruding control lever to give you a safer shower
 - Fits TB-S40 Ceramic Mixing Valve
- Designed and manufactured in New Zealand
