

Ultra Varijet 131 Two-Way

The two way shower provides both a handheld and a fixed shower head for the ultimate in flexibility.

The perfect way to add the flexibility of a hand held shower with the convenience of a fixed rose head. This is the ideal combination for the modern family bathroom. Use either the Ultra Varijet wall mounted shower head or simply slide the control to enjoy a handshower.

All Topliss shower heads feature solid brass internal construction for maximum longevity and performance. Designed and manufactured in New Zealand.

Available in chrome, white and chrome, optional gold trim kit.
