

125 ULTRA CONTROL SET

Prev

1of2

Next

Clean, elegant and simple control for rotary shower mixers.

Elegant, modern styling with the strength and durability of a solid metal lever makes this the ideal choice for the modern bathroom. Easy-to-see dial and super smooth action with a safety mechanism that protects from accidentally turning on through hot.

Available in chrome or white, with optional gold or chrome trim. Optional coloured indicator label available.

Product Features

- Elegant simplistic styling
- Optional coloured indicator label
- Safety cold-on protection
- Fits all TB4 – TB10 mixing valves
- Designed and manufactured in New Zealand

Colour	Order Code
Chrome	125/C
